This is a decision on the petition under 37 CFR 1.59(b), filed March 24, 2006 , to expunge information from the above identified application.

The petition is dismissed.

Petitioner requests that a document entitled Supplemental IDS exhibits 17 – 30 to Reference Cite No. 1 on PTO 1449, filed January 24, 2006, be expunged from the record.

“Materiality” is defined as any information which the examiner considers as being important to a determination of patentability of the claims.

The petition is deficient because:

- 1) the petition does not contain a commitment on the part of petitioner to retain the information to be expunged for the life of any patent with regard to which such information has been submitted, and
- 2) the petition does not contain a statement that the petition is being submitted by, or on behalf of, the party in interest who originally submitted the information.

Petitioner may request reconsideration of the petition. Any such request must be resubmitted within two months of the mailing date of this decision and supply the omitted statements.

Application/Control Number: 09/545,582
